## **DEDICATION**

### **FOR THE PLAYER:**

- If you are not dedicated then you will not achieve your purpose, it's as simple as that. Dedication is best defined as a singleness of purpose, devotion to a cause, a focus on a goal.
- We want our players to have the principles of Dedication both on and off the floor.

**FOR THE VOLUNTEER:** Be determined that we strive to have the best supportive and inclusive club and that we are advocates of our successful club

## **DETERMINATION**

### **FOR THE PLAYER:**

- Is best defined as having firm intention, a firmness of purpose. We must all be determined that our overriding purpose of striving for excellence is the main purpose of all our players.
- We want all our players to develop in all areas of fundamentals and acquire the essentials a quality player possesses.

**FOR THE VOLUNTEER:** Contribution through volunteering and undertaking tasks as directed by Team Manager/Coach/Management Committee etc.

## **DISCIPLINE**

### **FOR THE PLAYER:**

- We define discipline as doing what you have to do, doing it as well as you can, and doing it that way all the time. It is about developing a mental toughness. Our players must have this quality as it is necessary for them to perform in pressure situations.
- We must all work together and learn to trust each other: Mutual trust and respect will develop a team spirit which will make us unbeatable.
- We must all learn to give up small individual pleasures for the benefit of the team: If we cater to our own individual needs there will be no teamwork.

### **FOR THE VOLUNTEER:**

Commitment to the Club, commitment to complete a role and to do that with the best of intentions to the best of your ability within the Legal Rules and Regulations of a Incorporated Club and be respectful of the Policies of Club and to Basketball SA & Basketball Australia.
